

How Can I List My Property as a Section 8 Rental?

The Bernalillo County Housing Department is no longer receiving listing from Landlords who wish to list their properties for rent, we are using an online program called GoSection8.com.

Experienced landlords recognize the value of guaranteed rent. In a competitive market, finding qualified tenants can be challenging, but GoSection8.com makes it easier to list your property.

GoSection8.com is simple, quick and **FREE**. Registration is easy and you can list your properties online, or by faxing them to their toll-free number all from the convenience of your home or office.
