BERNALILLO COUNTY

WE'RE MORE THAN YOU THINK

Get UP and OUT! UNM North ^{AT} Golf Course

OCTOBER 5, 2014, 1– 4 P.M.

Bernalillo County Open Space, Open Space Alliance and numerous partners invite residents and visitors of this enchanting state to get up and out by exploring the outdoors with geocaching. This family friendly event will also include information on living healthy lifestyles and have numerous recreation opportunities such as climbing walls, live music, obstacle courses, and golf clinics. Don't miss out on the festive outdoor event where there is something for everyone, especially for geocachers.

Geocache activities include the following:

- Learn all about geocaching with technical sessions
- Hear presentations on current GPS devices and phone apps
- Get first-hand experience with a variety of lab caches for prizes at the golf course
- Participate in the Burque Birding GeoFlight to find twelve caches located at surrounding Open Space properties.

The Burque Birding GeoFlight caches all have a bird theme in celebrations of Albuquerque's highly esteemed designation as an Urban Conservation Treaty for Migratory Birds (UCTMB). Discover what makes Albuquerque a special place for birds, name the common birds, and have fun geocaching at some of the county's most scenic birding sights. Limited, trackable bird coins are available for cachers who find nine out of the twelve geocaches on their GeoFlight.
