OR

An evaluator will be considered qualified if they provide or demonstrate any of the following:

- Evaluation of advanced wastewater treatment systems shall be performed only by persons qualified pursuant to Subsection C of 20.7.3.904 NMAC.
- Licensure as a professional engineer;
- A valid and appropriate classification of licensure by the construction industries division of the regulation and licensing department;
- Certification as a registered environmental health specialist (REHS) or a registered sanitarian (RS);
- Accreditation in on-site wastewater inspection by the National Sanitation Foundation (NSF); certification by the National Environmental Health Association (NEHA) as an installer of on-site wastewater treatment systems;
- Demonstration of a similar accreditation or certification or a combination of training and experience as approved by the New Mexico Environment Department or the County.
