

Stormwater Post-Construction Green Infrastructure/Low Impact Development (GI/LID) Best Management Practices (BMPs) Evaluation Form

All applicants must complete this form as part of the permit application for new development and redevelopment projects that disturb greater than or equal to one acre, including projects less than one acre that are part of a larger common plan of development or sale.

Under the EPA Municipal Separate Storm Sewer System (MS4) National Pollutant Discharge Elimination System (NPDES) Permit and the Bernalillo County Stormwater Quality Ordinance, **applicants are required** to evaluate opportunities for the use of Green Infrastructure/Low Impact Development (GI/LID) techniques in the site design. For more information about the MS4 Permit and Stormwater Quality Ordinance, visit: <https://www.bernco.gov/public-works/epa-regulation-of-stormwater-in-bernalillo-county.aspx>
