[Tiny Home Village](#) [Frequently Asked Questions](#) [Click here to read the entire list of FAQs](#)

Why do Bernalillo County and the City of Albuquerque need a Tiny Home Village?

While the county and city offer a variety of
outstanding services to people living on the street,
individuals are still “falling between the cracks,” and
services need to be provided on a case-by-case
basis. This project will help fill gaps in the existing
services while also providing an alternative to
current interventions that are not able to adequately
address each individual’s specific needs. More info about this project,
www.tinyhomes4bc.com
