

Adverse Childhood Experiences (ACES)

ACES providers support at risk children and their families across the full continuum of services—including primary prevention, identification, early intervention, support and treatment, harm reduction, outreach, and services in children’s homes and within the community.

Target Population: children aged zero through five and school-aged youth up to age 18 who are at risk for experiencing adverse childhood experiences.

CLIENTS SCREENED AND ASSESSED 6/18 THROUGH PRESENT

PERCENTAGE OF CLIENTS WITH A HIGH ACE SCORE OR 4 OR MORE 6/18 THROUGH PRESENT
