BILL: _____

BCSO VEHICLES

\$940,000 is requested to purchase up to twenty (20) patrol vehicles for the Bernalillo County Sheriff's Office. The desired model is a 2016/17 Ford Explorer Interceptor SUV (Police Pursuit Rated - See photo below).

The vehicles are needed to replace an aging Fleet of Ford Crown Victoria's that have excessive mileage, are no longer manufactured, and/or repairs are no longer cost-effective. Bernalillo County encompasses 1100 square miles, and serves a diverse population including land grants, rural areas, urbanized areas and coordinates with multiple other jurisdictions to serve and protect residents Countywide. Due to the size of the County, and the population served, police vehicles must be safe and road-ready. This funding will assist the Sheriff of Bernalillo County in meeting his statutory obligations.

The vehicles will be purchased utilizing the existing State Price Agreement for Police Pursuit vehicles.
