Provisional Ballots

GUESS WHAT? No provisional ballots were inserted into tabulators in this Primary Election! **THANK YOU** for being diligent in the provisional ballot procedures taught during our training classes.

GREAT WORK!

Video Training

Our new video training web site was viewed 2,501 times by poll officials. Thank you for being receptive to the changes made in the training program.

Video training reduced class times by more than an hour. The "Learn the Vote" video training program will continue to be improved to help make your training experience even better.

The videos will be updated and more added for the 2018 General Election training program.

2016 General Election Hiring

We'll send out another email at the end of the summer/early fall to give more details about when the application process is open.

Until then, enjoy the summer and know that we all appreciate your very hard work!
